

Reporting & Analytics

Leverage Your Finance and Operations Data with Data Analytics and Visualizations to See the Big Picture and Make Informed Decisions with Microsoft BI

Powerful Business Intelligence

- Power Business Intelligence is a cloud-based business analytics service that gives you a single view of your most

critical business data. Monitor the health of your business using a live dashboard, create rich interactive reports with Power BI Desktop, and access your data on the go with native Power BI Mobile apps.

Experience Your Data. Any Data

- Connect to what matters to you. Excel spreadsheets, on-premises data sources, big data, streaming data,

and cloud services: it doesn't matter what type of data you want or where it lives, connect to hundreds of data sources with Power BI. Connecting to Excel Spreadsheets, Salesforce, Google Analytics, Web pages, Oracle, MailChimp, Facebook, QuickBooks, Zendesk and more are as simple as pushing a button.

It's Easy, Fast, and It's An Optional Part Of ofsERP®

- Power Business Intelligence is a suite of business analytics tools that deliver insights throughout your organization.

Connect to hundreds of data sources, simplify data prep, and drive ad hoc analysis. Produce beautiful reports, then publish them for your organization to consume on the web and across mobile devices. Everyone can create personalized dashboards with a unique, 360-degree view of their business. And scale across the enterprise, with governance and security built-in.

Desktop – Tablet – Phone

Access your data anytime & anywhere with our Business Intelligence Module.
